SUPER LUBE® DRI-FILM

DRI-FILM

Super Lube® **DRI-FILM** lubricant is a lubricant that actually cleans while lubricating.

Super Lube® **DRI-FILM** leaves behind a protective shield lubricant that will not attract dust. The dry coating provides a low coefficient of friction which gives excellent lubrication and release properties.

Super Lube® **DRI-FILM** can be used on wood, paper, glass, rubber, fabric, leather, vinyl, metal and most plastics not under stress. It has excellent thermal and chemical stability, forming a natural insulating barrier when used on electronics.

Part # 11006 – 5.25 oz.

Part # 11016 – 11 oz.

Super Lube® Dri - Film excels where cleanliness is a prime factor!

SUPER LUBE® DRI-FILM

DRI-FILM

Super Lube® DRI-FILM

Typical Applications:

- Industrial slides & glides
- Intricate clockworks
- Door Locks and Lock Cylinders
- Chains, Cable swivels
- Tools, Mold Release
- Pipe Fittings
- Door and Trunk hinges
- Precision Instruments
- Electronic equipment
- Electrical equipment
- High speed machinery
- Zippers
- Musical instruments
- In-line skates and Bicycles
- Radio controlled cars, boats, and planes

Benefits:

- Clean, non-staining
- For uses from -40°F to +500°F
- Non-conducting
- Easy to use
- Resists acid
- Dries on contact
- Not affected by oil, water or solvents
- Long lasting lubrication
- Cleans while lubricating
- Stops squeaking and sticking
- Prevents corrosion
