

# SYNCO CHEMICAL CORPORATION

January 16, 2012

To whom it may concern;

This is to certify that Super Lube® products are in compliance with Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004, on materials and articles intended to come into contact with food.

Specifically, Super Lube® products are in compliance with Article 3, General requirements, in that they are manufactured in compliance with good manufacturing practice so that, under normal or foreseeable conditions of use, they do not transfer their constituents to food in quantities which could:

- (a) Endanger human health.
- (b) Bring about an unacceptable change in the composition of the food.
- (c) Bring about a deterioration in the organoleptic characteristics thereof.

Additionally, the labeling, advertising and presentation of Super Lube® does not mislead consumers.

To the best of my knowledge and belief, I certify that the information above is true and correct.

A handwritten signature in black ink, appearing to read "William Reilly".

William Reilly  
General Manager  
Synco Chemical Corporation
