# SECTION 1: Identification of the substance/mixture and of the company/ undertaking

· 1.1 Product identifier

· Trade name: Super Lube® Heat Sink Thermally Conductive Compound

· Article number: No other identifiers.

• **1.2 Relevant identified uses of the substance or mixture and uses advised against** No further relevant information available.

· Application of the substance / the mixture Lubricant

 1.3 Details of the supplier of the Safety Data Sheet
 Manufacturer/Supplier: Kano Laboratories LLC
 24 DaVinci Dr., P.O. Box 405
 Bohemia, NY 11716
 Telephone: 631-567-5300
 Email: info@super-lube.com

# 1.4 Emergency telephone number:

ChemTel

1-800-255-3924 (US/Canada), 1-813-248-0585 (International), 1-300-954-583 (Australia), 0-800-591-6042 (Brazil), 400-120-0751 (China), 000-800-100-4086 (India), 800-099-0731 (Mexico)

# **SECTION 2: Hazards identification**

# · 2.1 Classification of the substance or mixture

· Classification according to Regulation (EU) No 2015/830

The product is not classified as hazardous according to OSHA GHS regulations within the United States.

Aquatic Chronic 3 H412 Harmful to aquatic life with long lasting effects.

Additional information:

There are no other hazards not otherwise classified that have been identified.

0 % of the mixture consists of component(s) of unknown toxicity.

# · 2.2 Label elements

· Labelling according to Regulation (EC) No 1272/2008

The product is not classified as hazardous according to OSHA GHS regulations within the United States. The product is classified and labelled according to the CLP regulation.

- Hazard pictograms Not Regulated
- · Signal word Not Regulated
- · Hazard-determining components of labelling:
- zinc oxide
- · Hazard statements

Not applicable within the USA; only applicable for the EU.

H412 Harmful to aquatic life with long lasting effects.

# Precautionary statements

Not applicable within the USA; only applicable for the EU.

P273 Avoid release to the environment.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

Revision: April 1, 2024

Trade name: Super Lube® Heat Sink Thermally Conductive Compound

(Cont'd. from page 2)

Do not induce vomiting. Seek medical attention.

· 4.2 Most important symptoms and effects, both acute and delayed Gastric or intestinal disorders when ingested.

Nausea in case of indestion.

· Hazards No further relevant information available.

· 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

# **SECTION 5: Firefighting measures**

5.1 Extinguishing media

· Suitable extinguishing agents: Water haze or fog

Foam

Carbon dioxide

Gaseous extinguishing agents

Fire-extinguishing powder

· For safety reasons unsuitable extinguishing agents: Water spray

· 5.2 Special hazards arising from the substance or mixture

Formation of toxic gases is possible during heating or in case of fire.

· 5.3 Advice for firefighters

· Protective equipment:

Wear self-contained respiratory protective device.

Wear fully protective suit.

• Additional information Cool endangered receptacles with water fog or haze.

# **SECTION 6: Accidental release measures**

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation

6.2 Environmental precautions:

Do not allow to enter sewers/ surface or ground water.

Inform respective authorities in case of seepage into water course or sewage system.

# · 6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to section 13.

Send for recovery or disposal in suitable receptacles.

# 6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

# **SECTION 7: Handling and storage**

• 7.1 Precautions for safe handling Use only in well ventilated areas.

| Acute toxicity                                                            |                   |
| LD/LC50 values relevant for classification:                               |                   |
| 1314-13-2 zinc oxide                                                      |                   |
| Oral LD50 > 5000 mg/kg (rat)                                              |                   |
|                                                                           |                   |

Primary irritant effect:

• Skin corrosion/irritation Slight irritant effect on skin and mucous membranes.

· Serious eye damage/irritation Slight irritant effect on eyes.

• Respiratory or skin sensitisation Based on available data, the classification criteria are not met.

- Subacute to chronic toxicity: No further relevant information available.
- Acute effects (acute toxicity, irritation and corrosivity):
- May cause gastro-intestinal irritation if ingested.
- Repeated dose toxicity: No further relevant information available.
- · CMR effects (carcinogenity, mutagenicity and toxicity for reproduction):
- · Germ cell mutagenicity Based on available data, the classification criteria are not met.

· Carcinogenicity Based on available data, the classification criteria are not met.

• **Reproductive toxicity** Based on available data, the classification criteria are not met.

· STOT-single exposure Based on available data, the classification criteria are not met.

· STOT-repeated exposure Based on available data, the classification criteria are not met.

• Aspiration hazard Based on available data, the classification criteria are not met.

# **SECTION 12: Ecological information**

· 12.1 Toxicity

· Aquatic toxicity: Toxic for aquatic organisms

• 12.2 Persistence and degradability No further relevant information available.

- 12.3 Bioaccumulative potential No further relevant information available.
- **12.4 Mobility in soil** No further relevant information available.

(Cont'd. on page 7)

Revision: April 1, 2024

# Trade name: Super Lube® Heat Sink Thermally Conductive Compound

(Cont'd. from page 6)

· Ecotoxical effects:

· Remark: Toxic for fish

· Additional ecological information:

· General notes:

Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even small quantities leak into the ground.

- 12.5 Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- vPvB: Not applicable.

12.6 Other adverse effects No further relevant information available.

# **SECTION 13: Disposal considerations**

# · 13.1 Waste treatment methods

· Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

· Uncleaned packaging:

• **Recommendation:** Disposal must be made according to official regulations.
