TECHNICAL DATA SHEET
SUPER LUBE® SILICONE BRAKE GREASE WITH SYNCOLON® (PTFE) November 2019

PRODUCT DESCRIPTION:

Super Lube® Silicone Brake Grease with Syncolon® (PTFE) is a specially formulated non-curing silicone compound ideal for the entire brake assembly. It is waterproof and protects against moisture and other contaminants.

Super Lube® Silicone Brake Grease with Syncolon® (PTFE) is translucent white, clean and clear in appearance and dampens vibrations between contact points.

Super Lube® Silicone Brake Grease with Syncolon® (PTFE) will not harden, dry out or melt.

FEATURES:

- Eliminates disc brake squeal
- Safe for caliper seals
- Seals out moisture
- Prevents rust and corrosion
- Excellent water washout resistance
- Excellent heat transfer efficiency
- Compatible with majority of rubber and plastic compounds
- High dielectric strength
- Viscosity stable
- Thermally stable
- Environmentally friendly
- Compatible with majority of rubber and plastic compounds
- High dielectric strength
- Viscosity stable
- Thermally stable
- Environmentally friendly

TYPICAL APPLICATIONS:

- Caliper slides and pivot points
- Backing plates
- Caliper O rings
- Self-Adjusters
- Parking brake areas of lubrication
- Drum brake systems

</table>

DIRECTIONS:

- Clean and dry area to be treated.
- Lubricate caliper slides and pivot points.
- Apply with a clean cloth, brush, sponge or finger.
- Remove excess.
SHELF LIFE / WARRANTY:

Super Lube® products have a five (5) year recommended shelf life when stored in the original container and in reasonable ambient conditions. The warranty period is twenty-four (24) months from the date of purchase. For complete information visit www.super-lube.com/what-is-the-shelf-life-ezp-320.html.

See Safety Data Sheet (SDS) for further details regarding safe use of this product.

The information provided in this Technical Data Sheet including the recommendations for use and application of the product are based on our knowledge and experience of the product as of the date of this bulletin. The product can have a variety of different applications as well as differing application and working conditions in your environment that are beyond our control. Synco Chemical Corporation is, therefore not liable for the suitability of our product for the production processes and conditions in respect for which you use them, as well as the intended applications and results. We strongly recommend that you carry out your own prior trials to confirm such suitability of our product.
